

## **Your Love is Timeless**

### Verse

Currently I feel so small  
Smaller than my trials  
They threaten and intimidate  
My faith has seen some miles  
'cause, there has never been a day  
When You have not come through  
My history makes it known  
That You will prove that You...

### *Pre Chorus*

Are never just enough,  
You are more  
It won't be my strength  
But Yours

### Chorus

Forever the same always  
The ages declare, "You've never changed!"  
O father, You're faithful now  
And You always will be  
Your love is timeless

### Verse

Your love has never let me stay  
Worried and afraid  
You use the circumstance that I'm in  
To make me free and brave  
You spin me round to stand and face  
The mountain in my way  
You smile with me as it moves  
When I sing out Your name

### Pre Chorus

Never just enough,  
You are more  
It won't be my strength  
But Yours

### Bridge

You will never cease to be  
My ever daily bread  
You will always be to me  
My chosen fear in life  
No other pleasure in this world  
Could ever be as great

Your love will remain
